Start living together with beautiful girls in a lovey-dovey harem!

When I returned home, I found that the apartment I lived in had been demolished! When I was at my wits' end, Ayame Amagi, the center of the class and daughter of the president of the major real estate group "Amagi Group," reached out to me. She was willing to let me live in an apartment she lived in, which meant that I was going to live with Ayame Amagi. Suddenly, I started living together with her. The Wimpy Hamster Dreams of Summer God

Story By : Kanoco Orijima

◆Story◆

We are, after all, God and his followers. It's a too-cute Kyoto love story about a hamster with stage fright and a cheerful god.

Tsumugi, a girl who has been afraid of being seen and has lived inconspicuously for as long as she can remember, and Sena, a boy who has never been nervous in his entire life and has always lived a cheerful life. Tsumugi was so impressed by Sena's unassuming attitude at a baseball game that when she needed to summon up her courage, she remembered him as a "god" and spent her days worshipping him in her heart to inspire her. They were in the same class in high school, but one day, in a big pinch, Tsumugi made a "shocking request" to Sena, the "god." When a wry, negative girl who looks like Sena's pet hamster and a positive boy who is as bright as the sun meet, they see the "other self" that they never knew they had.
